

## PROJECT SUMMARY

**SERVICE:** Underground Tank Removal

**CLIENT:** Lender

**PROJECT:** Removal of an Underground Storage Tank prior to property Sale

### PROJECT CHALLENGE:

The lender foreclosed on a property with an underground tank. The lender identified a new buyer who required that the tank be removed prior to closing on the property.

### SCOPE OF WORK:

Mostardi Platt subcontracted a tank removal contractor and prepared the necessary paperwork to obtain a permit for removal from the Illinois State Fire Marshal. No release of petroleum was detected upon removal. Mostardi Platt prepared a tank closure report in order to facilitate sale of the property.
